Information Challenge

There are times when a company needs to set up a business operation outside its core competencies. For example, an airline may need a records center, but may not have the records management expertise to set up the operation and run it.

What is the best way to acquire this knowledge without incurring high staffing or operating costs?

Cadence Group Solution

Cadence Group® has a long history of helping clients find a cost-effective way to run an information management (IM) business operation outside their core competencies — in practice areas such as records management, virtual/physical libraries, knowledge management, and research.

We apply our services in a way that allows you to get the highest return from your investment in people and technology.

With Outsourcing services, we take care of everything — management, staffing, and day-to-day operations — saving you as much as 30% on the cost of running many business operations.

In addition, you gain professional resources for many business functions including:

- ▶ Central control, audits, and enforcement of policies and procedures
- ▶ User support and training programs
- ▶ Central contract management
- ▶ Enterprise aggregation of vendor purchases
- ▶ Coordination of internal communications and promotion
- ▶ Technology decisions

Outsourcing Services

Outsourcing services are available in all Cadence Group practice areas. Our information professionals help you define, implement, and operate an IM business function — such as a records center, virtual information center, physical library, or research department — while you focus on your core

- ▶ Assess software options
- ▶ Secure necessary staff, equipment, and software
- ▶ Assign department-level liaisons
- ▶ Provide day-to-day support to business units and individuals
- ▶ Conduct periodic management reviews

Benefits

With Cadence Group's Outsourcing services, you gain maximum flexibility with your workforce by having the IM expertise when you need it — for as long as you need it. Outsourcing solutions also enable you to:

- ▶ Apply best practices to increase operating efficiencies
- ▶ Reduce the risk of non-compliance issues
- ▶ Decrease operating costs
- ▶ Gain economies of scale from enterprise-wide contracts and purchases
- ▶ Focus your business efforts on revenue-producing core competencies
